School Health Services**

- For Administration during School Hours -

Dear Parent/Legal Guardian:

If your child needs to have medication(s)/treatment(s) given during the school day, state regulations and school board policy require that you and your doctor provide written permission for administration of both prescribed and over-the-counter medication(s) or treatment(s).

(Medication refers only to those products which have been approved by the “Food and Drug Administration” (FDA) for use as a drug.)

- ◆ **Prescribed medications** must arrive in a container with the original, unaltered prescription label attached. **The label must display all legal information required for a pharmacist to dispense a prescription medication such as valid issue and expiration dates, the patient’s name, the medication name and dosage instructions, and the doctor’s name. The label information must match the physician’s order.**
- ◆ **Over-the-counter medications** must arrive in the original, unopened store-issued container. Please take the time to label the container with your child’s full name and birth date, the date you send the medication to school and the dosage prescribed by the doctor.
- ◆ The Medication/Treatment Authorization Form on the reverse side of this document must be completed entirely and accompany any medication (either prescribed or over-the-counter) to be given to your child in school. **Both a parent/legal guardian and the prescribing doctor must sign the form.** Staff will not be able to administer medications to your child without this **written consent**.
- ◆ The parent, legal guardian, or an authorized adult must hand carry medications to the school health room. The health room aide upon receipt will verify the quantity of each medication. **Do not send medications to school with your child.**
- ◆ **The RN at your child’s school may need to call the doctor’s office for medication/treatment clarification.**
- ◆ The parent or legal guardian will need to pick up the medication at the end of the school year or if the medication is discontinued or changed during the school year. If the medication is not picked up, it will be discarded.

Thank you for your cooperation.
